

Communication No 902/2014

Application procedure for (0)18 numbers for virtual private networks (VPNs)

1. Legal basis and purpose of the regulations

Under section 66(1) third sentence of the Telecommunications Act (TKG) of 22 June 2004 (Federal Law Gazette I page 1190), as amended by Article 4(108) of the Act of 7 August 2013 (Federal Law Gazette I page 3154), in conjunction with section 4 of the Telecommunications Numbering Ordinance (TNV) of 5 February 2008 (Federal Law Gazette I No 5 of 14 February 2008, pages 141ff), as amended by Article 4(110) of the Act of 7 August 2013 (Federal Law Gazette I page 3154), the Bundesnetzagentur assigns numbers to telecommunications network operators, providers of telecommunication services and end users. Under section 5(1) of the Ordinance, the Bundesnetzagentur can specify in particular the details of application for the use of numbers. These details are to be published.

This Communication contains such details specified and describes the application procedure for numbers for virtual private networks (VPNs).

The Numbering plan for VPN numbers has been issued separately as a general administrative order (Administrative Order No 48/2014, Bundesnetzagentur Official Gazette No 16 of 3 September 2014) and provides the basis for their assignment and use.

2. Applications

An application for assignment of a number block can be made to the

Bundesnetzagentur für Elektrizität, Gas,
Telekommunikation, Post und Eisenbahnen
Nummernverwaltung
Postfach 80 01
55003 Mainz

or

Bundesnetzagentur für Elektrizität, Gas,
Telekommunikation, Post und Eisenbahnen
Nummernverwaltung
Canisiusstr. 21
55122 Mainz

using the application form (Annex 1). Applications may be made no more than 90 calendar days before the requested date of assignment.

3. Processing of applications

3.1 Processing of applications

The Bundesnetzagentur assigns the applicant a number block for a VPN.

Applicants are not entitled to a specific number block.

Incomplete applications will be rejected.

3.2 Fees

Fees are charged for any processing of applications.

The fees payable will be specified in a separate notice.

4. Entry into force

The provisions set out in this Communication will be applied as from 1 October 2014.

Annex

Application for assignment of a number block for a virtual private network (VPN)

117-3 3826-2

Application for assignment of a number block for a virtual private network (VPN)

I. Applicant's details

Address for service

Name (company)

Street address (not a PO box address)

Postcode, town

Name of contact person

Telephone

Fax

Email (optional)

Legal representative(s)

Authorised recipient (if different from applicant; this section must be completed if the applicant's headquarters are not in Germany):

Name (company)

Street address (not a PO box address)

D-_____
Postcode, town

Name of contact person

Telephone

Fax

Email (optional)

Person authorised to receive payment notices (if different from applicant):

Name (company)

Street address (not a PO box address)

D-_____
Postcode, town

Name of contact person

Telephone

Fax

Email (optional)

II. Subject of application

An application is hereby made for the assignment of a number block for a virtual private network (VPN).

The number block assignment is to take effect on _____.

(Please note that the period of time for processing applications as provided for by section 5(5) of the Telecommunications Numbering Ordinance remains unaffected).

III. Supporting documents as proof of eligibility

The following documents showing that the requirements for assignment are met are enclosed:

1. business registration or extract from the commercial register or, for applicants whose headquarters are not in Germany, proof as specified in section 13e(2) of the German Commercial Code (HGB) or, if the applicant is a natural person, copy of identity card, passport or similar official identity document;
2. description of the VPN for which the number block is to be used and implementation plan.

IV. Details for determining the size of the number block to be assigned

The size of the number block to be assigned is to be calculated based on

- the total number of terminals to be addressed (method 1; see section 4.2.1 of Administrative Order No 48/2014 "Numbering plan (0)18 – numbers for virtual private networks (VPNs)").
- the capacity of the number blocks used for existing private branch exchanges (PBXs) (method 2; see section 4.2.2 of Administrative Order No 48/2014 "Numbering plan (0)18 – numbers for virtual private networks (VPNs)").

The information required for calculation as described in section 4.2.1 or 4.2.2 of Administrative Order No 48/2014 is enclosed with this application.

_____ Place

_____ Date

_____ Signature (applicant/authorised representative)

Enclosures

1. Business registration or extract from the commercial register or, for applicants whose headquarters are not in Germany, proof as specified in section 13e(2) of the German Commercial Code (HGB) or, if the applicant is a natural person, copy of identity card, passport or similar official identity document
2. Description of the VPN for which the number block is to be used and implementation plan
3. Details for calculating the size of the number block to be assigned as described in section 4.2.1 or 4.2.2 of Administrative Order No 48/2014
